SAMPLE NOTICE TO PARENT/GUARDIAN

February 13, 2008

Dear Parents/Guardians:

Parents play a very important role in their child's understanding of personal growth and development. We recognize our mutual responsibility in helping children prepare for life. As part of the human development/hygiene program, we are planning a 5th and 6th grade boys and girls program to be held on Friday, March 7th and Monday, March 10th.

The boys program will be presented by Mr. Chris Martin, our physical education and health teacher with Mr. Aaron Bush, South School teacher. The class will consist of a brief presentation, a video, and discussion period. The video presentation is the same we have used for several years.

The girls program will be presented by Mrs. Sheila Sterling, the school nurse and Mrs. Elizabeth Wagner, our guidance counselor. Several female staff members from each grade will be present to provide a supportive atmosphere for the students. The first part of the girls program will consist of a brief presentation, video and discussion. The girls will have a second part of the program on Monday, March 10th to address questions and continue a discussion period.

We hope you will discuss with your child the information that he/she learns during the human growth and development program. Please feel free to contact me with any concerns or questions regarding the program and its content. I can be reached at 781-767-3565.

Please read and sign the permission slip below indicating your child's participation in this program. The times are as follows:
